About Zimbabwe Investment Development Agency

The Zimbabwe Investment and Development Agency (ZIDA) is an investment agency responsible for promoting and facilitation of both local and foreign investment in the country. It came up as an integration of three investment authorities, which were previously housed in different Government Ministries and Departments. The promulgation of the ZIDA Act, which repealed the Zimbabwe Investment Authority, the Zimbabwe Special Economic Zones Authority and the Joint Ventures Act, provides a clear, comprehensive and binding legal and regulatory framework for conducting investment activities, by both domestic and foreign investors in the country. ZIDA operates a One Stop Investment Services Centre (OSISC), which provides investment services ranging from investment analysis, company registration, tax registration and clearance, licencing, connecting to all necessary utilities, investment promotions, public relations and aftercare services.
